

Quality

Policy Statement

Searcher Seismic Pty Ltd is committed to:

- Consistently providing our clients with high quality, leading edge multi-client seismic products that fully meet or exceed expectations and are fit for purpose.
- Operating the business to the systems required by AS/NZS ISO 9001:2008.
- Enhancing the skills of management and staff through review and actively pursuing an on-going training policy, the objective of which is to prepare staff to perform their work more effectively.
- Promoting the culture of continual quality improvement and the philosophy of “consistent reliability” as a supplier of multi-client seismic products of the highest standards achievable.
- Rigorously controlling the design, implementation and completion of all projects.
- Promoting the quality management systems and ensuring compliance is achieved by internal auditing, management review, corrective and preventive action.

All staff are responsible for quality within the company and for maintaining high standards.
